LIST OF RULES:

No speeding

No breaking of any laws

Be smart

Be kind to people

Don't get arrested

TWISTS:

No vehicles, just feet

Video hunt - use iMovie app and do the trailer mode or another app to make mini highlight videos

Do it Amazing Race style and include speed bumps and road blocks

Use Instagram and have everyone #hashtag their pics so you can find them all in one place

BONUS TIPS:

If you are going in cars/vans have teams split up and have them come up with a fun team name. Maybe give everyone matching colored headbands. Make sure every team has a camera phone. Have a rule that everyone needs to be in the picture (unless there is no one else to take the picture). Give everyone a specified amount of time. 1 hour is great and they can come back and view all of the pics in your meeting place. Give away group prizes and random individual prizes (ie. Guy who got the most "No's" from strangers; Girl who didn't hesitate when asked to volunteer to eat the worm; etc.
